

Annual Report

2024-2025

Introduction

Association for Social Justice and Research (ASoJ) is a National level registered society, formed by likeminded Activists and intellectuals. The Organization is being operated with the active support of volunteers and governing body members. The Governing body provides active support during planning and implementation of organizational activities. The Society has been exempted from Income Tax under the Income Tax Act 1976.

Vision-Mission

Formation of an equitable society where children, women, and other marginalized people can live with self-esteem and dignity. Empowerment of marginalized communities through education, awareness generation and capacity building.

Goals and Objectiv

- Restoration of education health and protection rights for children.
- Strong grassroots advocacy intervention for restoring the right to gender equality, enable women to be self-reliant and enjoy a healthy, dignified and sustainable quality of life.
- Gender Perspective building and attitudinal change of society through Constant dialogue, communication and dissemination of information.
- Empower children and women to organize themselves to articulate the inequality.
- Empowerment of marginalized through linking them to the education system.
- Effort towards making the system accessible for marginalized through developing leadership and creating awareness.

Activity Report

Mahila Panchayat Programme

Mahila Panchayat Programme supported by Delhi Commission for Women was initiated from August 2013 at Gajipur Dairy farm area. Presently we cover the whole area coming under Gajipur police station with the following **objectives**:

- To stop violence against women through awareness and action by changing values and attitudes in our society.
- Capacity building of grassroots women through creating legal awareness and gender sensitization in society.
- To provide a forum for conflict resolution and resolve family disputes. Help the women to get the legal aid when necessary.
- Create awareness and implementation of social security schemes like PDS, Widow and old age pension and identity cards like voter identity cards, ADHAAR cards .
- Follow up and process documentation of all the cases.

The Mahila Panchayat Programme being run with the support of Delhi Commission for Women(DCW) assumes great relevance as an alternate justice delivery system for women. Innovative and unique in many ways this programme ensures cost-effective, hassle-free and speedy delivery of justice, almost at the doorstep of women in distress.

Mahila Panchayat is a collective strength of selected community women in leading roles, to resolve the problems of domestic violence in their area. This Panchayat takes up the cases of domestic violence and local disputes, resolves these problems through hearings and counselling and assists in reducing violence in that locality. The programme has been successfully solving cases involving women in distress and making them aware of their rights provided within the Law.

Ghazipur Mahila Panchayat

With the help of Delhi Women Commission, Mahila Panchayat program is being run in Ghazipur area of East Delhi since 2013. Presently this work is being done at the level of Ghazipur Police Station. We have a reach of 50000 families in this area with whom we continuously conduct awareness programs and connect them with the welfare schemes of Delhi Government, and we fully support them in case of any emergency.

Whenever we go to the area and contact women door to door, they tell us that fights always happen between men and women, but mostly women have to tolerate them. On this ideology of women, we advise them that there are many types of domestic violence and it is not necessary that there should be a situation of assault only then we will call it domestic violence. If any member of the family mentally harasses a woman and taunts her over small things, then this also comes under the category of domestic violence.

Nukkad meeting :

In the last one year, 48 street meetings were organized in which 2430 women participated, people were given information about various types of laws. People are told through meetings that many laws have been made in the interest of women, but due to lack of knowledge about those laws, women are never able to avail the benefits, hence we educate them through small street meetings. - In between, they keep giving information about all types of laws and also make them aware of government schemes so that they can understand their rights and try to avail the same.

Mahila Panchayat Meeting

In Mahila Panchayat programme, meetings are held once a week with the members of Mahila Panchayat. During this meeting, we talk to women on various topics and give them information about all types of laws. These women celebrate national and religious festivals together to spread the message that there should be no discrimination on the basis of caste and religion. For any awareness programme or rally the woman of Mahila panchayat play their unique role . Total 47 panchayat meetings were organized this year .

Door to door contact

Last year, we visited the homes of 18900 women and contacted them so that we could give information about Delhi Women Commission to as many women as possible, because whenever we meet a victim, she tells that we had no information about any support system around us .We spread awareness about Mahila panchayat and Delhi commission for women . Many new volunteers also joined through door to door who provide information to women about Delhi Women Commission and Mahila Panchayat.

Awareness Meeting with Adolescent girls

For many years, Delhi Women Commission has been trying to help women in every way. Therefore, to take forward this effort of Delhi Women Commission, a program of meeting with adolescent girls is also being run by Mahila Panchayat, during this meeting we talk to as many adolescent girls as possible and make them aware and train them. So that she can make other girls associated with her also aware.

Health Camp

Mahila Panchayat has made a huge contribution in providing relief to the regional people during Covid-19, in which they have fought a very long battle to help the people and helped many people in their area. In the past years, community people have been suffering from diseases. Keeping all

these things in mind, health camps have been organized many times by Mahila Panchayat. Women and children of Ghazipur slum and Sapera colony have benefited from this health camp. 4050 people during this camp were benefited and got medicine .

Aadharcard Camp

The women of our area were very worried to get their Aadhar card made and their PAN card made because they never come out of the house. Their entire time was spent in household work, hence had no knowledge about getting documents made. Even if we try to make them aware by going to their house, they say that we have never gone out alone, hence we cannot get Aadhar card made in Geeta Colony or any other place and due to this, our children are also not admitted in school. Due to lack of PAN card, we are not able to open our accounts. Seeing all these problems, we organized a camp for making Aadhar card and PAN card in our Mahila Panchayat office, from which a total of 270 people took advantage and got their Aadhar card and PAN card made. We also organized a health card camp, thus about 40 people took advantage of this facility.

Environment Day Celebration

We celebrated Environment Day with the help of DLSA by visiting MCD school with 400 children, in which saplings were planted by the children and they were encouraged by telling about the

importance of trees and plants. The children also asked the small questions that they had in their minds. Through this programme, the children also got answers to their questions and were satisfied. This was new information for the children.

Widow pension Awareness for women

There is no support in the life of a single woman due to which she starts feeling alone but when we contact door to door and tell the women that if there is any widow then she can get her pension made. They do not get much help but they start getting Rs 2500 per month. In this way, we gave information about widow pension to many women in our area. Women also took advantage of it. A total of 10 widow pensions and one handicapped pension were made this year.

Awareness on women helpline number 181

We have gone door-to-door in Ghazipur police station area and given information to women and girls about women's helpline number 181. We have told women that whenever they face domestic violence, they can contact number 181 for help. We have also told women that it is not necessary that domestic violence can be committed only by their husband, domestic violence can be committed by any member living in the house. Therefore, whenever there is domestic violence against anyone, the complaint can be lodged in Delhi through 181.

Menstruation day Celebration

We celebrated Menstruation Day with 70 women and 40 adolescent girls and told them about staying safe during menstruation and told them how to maintain cleanliness during that time and how we should take care of ourselves during that time. Should talk openly to each other. Sanitary pads were also distributed to women on the occasion of Menstruation Day.

Awareness on Child Sexual Abuse

Mahila Panchayat creates awareness in the community on child sexual abuse, as a result of which cases of child sexual abuse are now being registered. After taking action in these cases, we keep making efforts to provide compensation to the survivors. As a result, in the last one year, 2 girls have got compensation in cases of sexual exploitation.

Children received educational support in CAC

There are 2 Child Activity centers being operated with 160 children in Ghazipur slum and Ghadoli. These children come to CAC regularly. At present all these children are being given remedial education in CAC. These children are studying from 2nd to 10th standard in

schools and taking remedial classes in our centers . We teach them with the help of teaching learning material so that they can learn easily. At the time of admission we take their pre assessment and monitor regularly their level wise growth.

Achievements of Education Centres:

1. 160 Children received remedial nonformal education and got education excellence.
2. 4 Children got first and second position in their respective classes.
3. School attendance has been increased through regular awareness and motivation of children and parents.
4. Issue based awareness has been increased among children

School Enrollment of Out of School Children: This year total 65 out of school children were enrolled in school. We had to advocate with the government authorities for their enrollment. These children were from NT-DNT communities and were not having documentary proofs. We reached these children during our back to school campaign. We also arranged and distributed school bags for these children .

Back to School Campaign

Back to school campaign is organized every year with the objective to motivate children to go to school. Because of the pandemic school were closed and due to unavailability of facilities like mobiles, laptops and internet in their homes most of the children in these communities could not take the online classes. Many of them had started working full time or part time with their parents. Returning back to school of all these children was not sure. We initiated this campaign with an

objective to push all these children back to school. This year the following activities have been done under School Chalo.

Meeting in the community - This year a total of 16 meetings have been held with 148 parents in the community on the topic 'School Chalo. Parents were mobilized to send their children to school.

Slogan Writing- This year 4 slogan writing activities were done with 84 children. Slogan writing activity was done once with women in which 25 women wrote slogans.

Rally Activity-4 rallies were conducted in the community with 125 children.

Street drama-31 children performed a street play on the importance of education in the community.

Essay Writing- This year 6 essay writing activities were done for 185 children. Advocacy for Denial of Admission.

Advocacy for School Admission

This year, due to denial of admission of 32 children in MCD schools not admitting 32 children, we first did advocacy with the Director Education Department (Headquarters), 419 Udyog Sadan Patparganj, New Delhi 110092. Due to no action being taken from there, a letter was given to DCPCR. Then in April, DCPCR asked for Action Taken report from the department, then these schools enrolled 30 children. Of these, 11 children were enrolled in school despite not having any necessary documents.

Outdoor and Indoor Games: Children of our education center participated in Indoor and outdoor games like Carrom board , Badminton , Kabaddi and baliball .

Young adults enrolled in Digital Learning Centre

There are total 55 kids enrolled in Digital learning centre which is affiliated with NIIT Foundation and opted CCAB course in DLC class. Out of total 55 children 26 children are in the age group of 13-15 years and 29 are in the age group of 15-18 years.

Now all these 55 children have passed this course and will be issued certificate by NIIT Foundation. These children are being prepared for their future career.

Every Saturday, English Grammar session is conducted for all 55 children in DLC class by volunteers from Cognizant Corporate ,and career counselling sessions are also being organized .

Collaboration with DCPU to prevent Child Labour

With the help of DCPU, people of the community are continuously being made aware to stop child labour. It was told by Mrs. Zareen Khan, Social Activist of DCPU that – “Child labor is a legal offence, due to this, along with the person doing child labour, the parents of the children are also jailed, nowadays the rescue work of children is being done at a rapid pace by the police. This is being done. Therefore, do not force your children to do child labor in any way.

This year, DCPU Smt. Zareen Khan conducted total of 6 meetings with 110 (M-25 F-85) children. A total of 10 meetings have been held with 95 women in the community. In which meetings were held on the following topics. Parents were also made aware about child labour cause and consequences., Child Help Line, Child Marriage its impact on girls.

□ Child migration, child trafficking, Health Safety/Laadli Scheme.

We conducted meetings with DCPCR and DCPU, on the issue of child labour they told that they can get child labor rescued, which we do not want to do.

Life Skills Workshop was conducted successfully in School

Life skill workshop was conducted with 150 Adolescents and parenting module was organized with 65 parents .

children linked with various schemes. Children are being linked to Schools, to our centres and child protection schemes. We are also connecting the working children with the library and also

forming cricket teams with these children to prevent them from entering in to child labour. Parents have been made aware in the community about Abha Card, Sukanya Yojana, E-Shram Card, Labor Card, Ladli Yojana, Widow Pension Government Scheme. the resulting

We have made Abha health cards for 300 families of the community.40 girls have been linked to Sukanya Yojana.16 girls are associated with Ladli Yojana.

Awareness on ECCE

This year a total of 18 meetings on ECCE were held with 35 women in both the areas.

Malnutrition to women,Creative development, Explained about school readiness, per-school preparation.

Discussion was made with women about the facilities available in Anganwadi.

The women told that they get all the vaccinations for their children from time to time. Provides nutritious food to children for their growth and health. Growth monitoring of children done every month.

There are 124 (M-58 F-66) members in the child group and 125 (M-32 F-93) members in the adolescent group. Life Skills 2nd year session is being conducted every month with these groups.

Parenting Module – For “Parenting Module” of Life Skills, 2 groups have been formed with the parents of children coming to CAC. There are 20 women in Ghadoli CAC. There is a group of 20 women in Ghazipur CAC. A new session for parenting module has been started in which 2 new groups have been formed with 40 women. This year a total of 8 sessions of parenting module have been done with women.

Meeting on cyber security – This year 18 meetings were held on cyber security. Meetings in following topics were done with 105 children (M-39, F-66) this year.

Inappropriate content,(revenge porn and sex torture,The age of smartphones, online goods and games, what is cyber crime and its types ,Digital Safety, Fake Call and Fake Message etc .After creating awareness in these topics children and youth in community became conscious and alert about so that no body can cheat them.

Menstrual health and hygiene session

We are conducting sessions on menstrual health and hygiene in community to make them aware about the consequences of not maintaining proper hygiene during this time. Mos of the girls and adolescents were hesitant on talking about the menstruation with their parents and peers. With our repeated sessions and activities on this issues they learnt to speak on this matter. Now they can share their problems at their homes and their friends.

This year a total of 22 meetings were held with 125 children (M-32 F-93).

Our adolescent group girl Kiran raised her voice in school against dirty toilets in the school.

We alos conducted discussion on the issue of un- touch ability and its social context.Girls performed instant play on menstrual hygiene awareness.

Sanitary pads are being distributed every month by PINKISHE Foundation to the adolescent girls and women of CAC in Ghazipur and Gharauli area. This has increased awareness on the topic of menstruation and cervical cancer in the community.They also conduct session with women and girls about the origin of menstruation cycle and how cervical cancer can begin . They explain with pictures and posters so that it can be easily understood.

Mental Health Activities- This year there have been 18 sessions on the topic of mental health. In which activities have been done on the following topics of mental health with a total of 185 children (M-86 F-99). Look for signs of anger.

Identify the colors of angry demon (3 topics – calm, angry, slightly angry, very angry, angry)

Stairway of Anger. What to do if you get angry?

This had such an impact on children that they are able to understand their feelings when they get angry and try to control their anger.

Participation in Navodit Youth for Sewa Praogramme :

26 children from our organization participated in Navodit Youth for sewa coemption. Children participated in singing , dancing , drawing Nukkad Natak and Clay modelling activities. Our children won prizes in clay modelling, drawing and Nukkad natak activities.

Exposure Visit : Children of our centre visited 30 children visited Science Museum and Craft Museum on 11 march 2025. Purpose of this exposure visit was to introduce the children with science and craft museum and provide them exposure of these places. Children learned new things and enjoyed a lot from these trips. They met with new people and learned how to talk with strangers. In science centre they enjoyed different shows related to science, and in zoo they enjoyed seeing animals and getting innovative information about wild lives. Science Museum and Craft Museum.

In Science museum children saw the shows and documentary film which was very much fascinating for them . In craft museum children enjoyed madhubani art, handmade craft things , natural colours making process etc.
